Homemade Desserts:

Bertha's was once proud to supply all our own homemade dessert selections. But with the recent retirement of our long tenure, in house baker, we have decided it's time to include our own tradition with another local favorite. Bertha's is proud to feature "Dangerously Delicious Pies". Providing fresh baked seasonal desserts, as well as classic mainstays like the "Baltimore Bomb". Created especially for Baltimore, it's loaded with Berger Cookies (a local specialty) that melt down and swirl into a sweet vanilla chess filling. This pie could be the ultimate of decadence.

*Please ask your server for nightly pie selections.

Another local favorite Zeke's coffee completes our after dinner Baltimore experience.
